OLGA STEEB, NOTED PIANIST, PRESENTS PERFECT PROGRAM

Wonderful Treat Is Given at
Tuesday Afternoon Club's
Gathering Yesterday

One of the brilliant events of a brilliant social season was that which took place yesterday afternoon before the members of the Tuesday Afternoon Club at Masonic Temple, when Olga Steeb, one of California's most renowned pianists, was heard in joint recital with the Knabe Ampico reproducing piano, complimentary to the members of that organization and their guests, through the courtesy of the Barnes-Shuck Music company.

In anticipation of the wonderful treat that was in store for them, those who were fortunate enough to hear this celebrated artist, arrived at the Masonic temple long before the hour set for the Tuesday Afternoon club meeting, and by that time the auditorium was crowded, many being seated in the anteroom and some standing.

Portion of Lot Sold
Among the important matters taken up at the business meeting was the sale of three and two-tenths feet frontage on Brand boulevard, of the 153.2 feet owned by the Tuesday Afternoon club at Brand and Lexington, for the sum of \$750, and also the gift of two tapestries by Mrs. C. M. Turk, to be placed in the new clubhouse.

The meeting was called to order by the president, Mrs. C. E. Hutchinson. Mrs. W. L. Andrews, general curator, announced the following section meetings:

Literary section, November 28, at the home of Mrs. Frank Brown, 230 South Orange street, and this section will also meet this Friday afternoon to sew on articles for the bazaar.

Shakespeare section, December 5, at the home of Mrs. Chester Kling, 720 South Maryland.

Drama section, November 25, at the home of Mrs. R. L. Kent, to dress dolls for the bazaar, and also to begin study of history of the drama of the Orient.

Parliamentary law section, December 1, at the home of Miss Eva Daniels.

Music section, December 10, at the home of Mrs. A. H. Montgomery.

In Charge of Booth

Business Women in Kids' Party Enjoy Original Program

Following the women's class in gymnasium at the high school last night, the Business and Professional Women's club of Glendale, of which Mrs. Margaret Biggs is president, held a social meeting, in the form of a "kids' party." Some of the dignified business women of Glendale were quite disguised in the youthful attire which they had been requested to wear at the party.

During the grand march costumes were judged and first prize was awarded to Mrs. W. S. Ayers, who wore a little girl's dress, with French waistline, puffed and bonnet, and Mary Jane pumps.

Each member of the club was given a "temporary" gift for the evening, at the close of which all were put in a large box and are to be given to the children at the county hospital. Dr. Laura Brown took the part of Santa Claus, and was quite disguised in her original costume depicting this jolly old fellow.

Candy and apples were distributed to the members. A tiny Christmas tree was also one of the features of the evening.

Rachael A. Maney and E. S. Patterson Wedded on Tuesday

Miss Rachael Adeline Maney of 848 Westchester Place, Los Angeles, became the bride of Earl S. Patterson, son of Mrs. Minnie Patterson of 363 Riverdale Drive, Glendale, at a very pretty home wedding which took place yesterday afternoon, November 22, 1921, at 4:30 o'clock, at the home of the bride, who was given in marriage by her father, Rev. C. M. Calderwood officiating, the ring ceremony being used.

After a wedding dinner the young couple departed on a honeymoon trip to San Francisco. They will be at home to their friends upon their return at Ferenze Court, Sunset boulevard, Los Angeles. Mr. Patterson is an attorney in Los Angeles and a popular member of the Glendale lodge of Elks.

Union Thanksgiving Services to Be Held Tomorrow Morning, First Methodist Church, With Rev. C. M. Calderwood Giving Sermon

Rev. C. M. Calderwood

UNION Thanksgiving services will be held tomorrow morning in the First Methodist Episcopal church, corner Kenwood street and Wilson avenue, at 10:30 o'clock. The Rev. C. M. Calderwood, pastor of the Congregational church and president of the Glendale Ministerial Union, will preach the sermon on the popular subject, "Pilgrim Landmarks." Having come from the vicinity of Boston recently, the pastor will be able to take his hearers back to Plymouth in a most interesting discourse. All other ministers of the city will participate in the program of prayer and song thanking the Almighty for His beneficence. The Congregational choir will sing and a roll call of states will be a feature of interest to the assembly. The offering will go to the near east relief.

Parents Anxiously Await Arrival of Their Missing Boy

Mr. and Mrs. W. H. Richards of 524 West California avenue are anxiously awaiting the arrival of their son, Elvin, aged 13, who left home so unexpectedly two weeks ago.

One letter came from him, from San Francisco, but the police there, who were notified, were not able to locate him.

Elvin, whose home was in San Francisco, before he came to Glendale, is a First-Class Scout in good standing in the Troop, and was a favorite with the leader. His love of hiking, and reading books of adventure, prevented his remembering how ill his mother is at times, when worried, for she is subject to heart trouble. He has never caused her any trouble and the little affair that caused him to go and made him feel, as he said in his note to her, "that he had disgraced them," was only a trivial thing that he would not have been censured for and had no connection with the home, his parents say.

When a wire came from Redding, his parents wired him transportation and they feel confident he will return immediately, for he is very fond of his mother.

Mr. Richards is a mining engineer and gave up a good position to enter the army, during the late war, where he held the rank of captain for two years. They have purchased a home in Glendale, for the reason that they decided that it was a fine place for the boy.

Mr. and Mrs. Verity Back From Business and Pleasure Trip

Mr. and Mrs. W. H. Verity of 511 West Broadway have returned from a six weeks' business and pleasure trip to various cities throughout the middle west and east.

They visited relatives and friends in Hot Springs, Ark.; St. Louis, Mo.; Indianapolis, Ind.; Chicago, Ill.; Battle Creek and Kalamazoo, Mich. They had a pleasant visit at St. Louis, where they had been former residents for twenty years.

While in Battle Creek and Kalamazoo there was a snow fall of about ten inches, which they were told, was more than was experienced all last winter. People in that section are anticipating a hard winter.

Thanksgiving Dance and Annual Reunion, High School Tonight

Members of the decorating committee of the alumni association of the Glendale union high school are busy this afternoon putting the finishing touches on the decorations in the girls' gymnasium, where the annual Thanksgiving dance and reunion of the organization will be staged tonight.

The grand march will start at 8:30 o'clock, and Chairman Frank Balthis has issued a final statement that all present or former students of the local institution of higher learning who fail to attend the event will be missing a "bear of a time."

CARL SEITTER AT MEETING

Carl Seitter of 119 North Louise street, who recently returned from the bi-monthly meeting Saturday at Long Beach of the directors of religious education of Southern California, reports an enthusiastic meeting. Prof. George Herbert Betts of the University of Southern California, delivered an address at the opening of the meeting on "Week Day Religious Education and Its Advancement in the United States."

During the afternoon session Rev. Samuel W. Stagg of the First Methodist church of Pasadena gave a talk on the subject of "Education in Giving." A general discussion followed each address. The next regular meeting will be held at Pomona College, in January.

C. PHILLIPS HOME ROBBED

The home of Charles R. Phillips, 1716 Opechee Way, was entered through the rear door by a pass key yesterday afternoon and a number of articles stolen. The family had noticed a suspicious character hanging about the premises for several days. Police are investigating.

Father of Burch Offers Prayer for Guidance in Trial

LOS ANGELES, Nov. 23.—From the anguished heart of the Rev. W. A. Burch, Methodist minister, there came today an impressive prayer for divine guidance of the judge, lawyers and jurors in the trial of his only son, Arthur C. Burch, charged with the murder of J. Belton Kennedy.

Dr. Burch's prayer pleaded that only justice prevail in the case. In written form it was released for publication by Paul W. Schenck, chief of defense counsel.

"Give me and her, whose faith and love are like twin stars of hope, strength to bear, and to our loved boy, give Thy supporting grace," a portion of Burch's prayer said.

Dr. Burch's prayer was issued by Schenck a few minutes before the trial was resumed today in Superior Judge Reeve's court. Dr. Burch sat in the courtroom at his son's side.

Eight prospective jurors, seven women and one man, had been temporarily accepted by both the prosecution and defense when the trial began this morning. Indications were that the jury may be completed by tonight.

Efforts to compel the state to give Mrs. Madalynne Obenchain, jointly accused with Burch of the Kennedy murder, an immediate trial, apparently were abandoned today when Attorney Leconte Davis, acting for Mrs. Obenchain, asked the District Court of Appeal to dismiss an application for a writ of habeas corpus which had been made in her behalf.

Davis acted for Charles E. Erbsen, chief of Mrs. Obenchain's counsel, who is in Chicago. The motion was granted.

City Teachers Hold Meeting and Elect Council Delegates

The City Teachers' club held its regular meeting yesterday afternoon at the Intermediate school.

Richardson D. White, superintendent of schools, and Miss Gladys Sharp, teacher at the Intermediate school, were elected representatives of the local system upon the council of education of the southern section of the California Teachers' association.

It was announced that Glendale had been unable to have a place on this official body before because the school system here had not ranked high enough before the adoption of the new charter.

A resolution endorsing the Town-Sterling Bill now before Congress to establish a secretary of education in the president's cabinet was passed by the assemblage. Teachers expressed themselves opposed to the substitute measure which will submerge the proposed department of education in a new department of welfare.

The official report on the convention of the National Educational association at Des Moines, Iowa, in July, which was attended by him as a delegate from Glendale, was given by Supt. R. D. White.

Education Week in Glendale Will Be Discussed Tonight

Plans for National Education Week, December 4 to 10, will be discussed tonight at Dr. G. Kammerling's office, 105 North Brand boulevard, by a committee from the school system and another committee from the local post of the American Legion which will hold a joint session.

The Legion will be represented by Richardson D. White, C. B. Guthrie, Dr. Harry V. Brown, Thomas D. Watson and William Litchfield.

The grammar school system will be represented by Miss Carrie Noble, principal of the Intermediate school; Miss Fannie O. Stone, principal of the Pacific school, and Miss Lorraine Mitchell, principal of the Columbus school.

The high school will be represented by Vice-Principal A. J. Ferguson, Vice-Principal Mrs. George U. Moyses, George O. Lockwood, Frederick F. Borncamp, and Miss Clara M. Lauderdale.

EDITH TYLER TAKEN ILL

Miss Edith Tyler, 643 North Maryland avenue, was unable to conduct her classes at the Intermediate school on account of illness.

STATE REAL ESTATE SECRETARY TO BE GLENDALE GUEST

Glenn D. Willaman Coming to
City Soon; Local Board
Will Give Luncheon

A discussion of plans for entertaining Glenn D. Willaman, secretary of the California State Real Estate association, at a luncheon here, November 29, and the planning work for the ensuing year were considerations of the meeting of the governing committee of the Glendale Realty Board, held in the office of Charles B. Guthrie, 103 1/2 South Brand boulevard, last night.

A communication was read from Secretary Willaman by E. P. Hayward, secretary of the Glendale Realty Board, outlining the itinerary of the state official on his tour of this section of California, and it was stated that he would visit Glendale Tuesday, November 29. While here the Glendale Realty Board will entertain him with a luncheon, the place to be announced later. All real estate brokers, whether members of the board or not, are urged to attend this luncheon, announces Secretary Hayward.

To Plan Entertainments
In planning the work for the year it was decided that for each regular monthly meeting a different committee would be appointed to outline a program of entertainment. The luncheon given for Secretary Willaman, November 29, will constitute the last regular monthly meeting of the board.

Early in January a meeting will be held, announces Secretary Hayward, and a committee composed of Mrs. M. L. Tight, chairman, Charles B. Guthrie and A. M. Yale will arrange the program for the evening.

The success of the realty board of Long Beach, recently patterned after that of Toledo, Ohio, was discussed at the meeting last night, and it was decided to investigate the plan with a view to adopting it here should the plan prove feasible.

Plan Regular Meetings
All members of the committee with the exception of James Endicott and C. L. Chandler were present last night, it being the first meeting under the new administration with C. D. Thom as president.

"The Glendale Realty Board," said Secretary Hayward, "is going to be a great success. Meetings are going to be held regularly each month and we shall have a program of entertainment along with the routine business at each gathering, for we want to promote enthusiasm and co-operation among all the real estate brokers of the city."

"Last year, due to reorganization of the Chamber of Commerce and other civic organizations, it was not possible to give as much time to the realty board, but with these other organizations now well under way, the Glendale Realty Board will get right down to business and work for the good of Glendale. Our president, C. D. Thom, is a live wire, a good organizer, and we may expect some wonderful results in the way of operation and of building up Glendale this next year."

DANGER FROM HEAVY FLOODS IN NORTHWEST IS PAST

PORTLAND, Ore., Nov. 23.—Reports received here today from scattered points in the Pacific northwest indicated that danger of heavy floods was on the wane. Much lowland country is under water, however, and the damage will amount to millions. The floods followed the terrific snow and sleet storm which held Oregon and Washington in its grip for nearly three days, crippling railroad service and paralyzing wire communications. The high waters marooned hundreds of people in many sections of the northwest.

This bill, which now becomes law, prevents the sale of beer for medicinal purposes and will immediately check the operations of breweries which have been making beer for sale as medicine, under regulations recently issued by the treasury department. The bill provides for search and seizures, but provides a penalty for any officer who searches a home without a warrant and also provides a penalty for any person who searches a home with malicious intent while posing as a prohibition officer. The bill also extends the prohibition to the Virgin islands and other possessions of the U. S.

Donnell Stewart, 32, a Baltimore broker, found dead of a gunshot wound in a garage building at the Los Angeles mansion of Walter Nordhoff. Stewart was to have been married tomorrow to Nordhoff's daughter, Miss Mary Whitall Nordhoff. The ceremony was to have been performed at the historic Church of the Angels at Garvanza, near here. Deputy Coroner William A. MacDonald scouted a theory that Stewart was accidentally shot while cleaning a revolver, stating his investigators were satisfied it was a case of suicide. MacDonald said he had received reports that Stewart had suffered recent financial reverses.

SAN FRANCISCO, Nov. 23.—The seven men and five women sitting in judgment of Roscoe ("Fatty") Arbuckle, charged with manslaughter in connection with the death of Virginia Rappe, were expected to hear a third picture painted of the party at a local hotel following which Miss Rappe collapsed and died. The first version they heard from the lips of Zey Prevon and Alice Blake, show girls, and guests at "Fatty's" gay "gin and Scotch jollification." The second was a racy "keyhole" version from the lips of Josephine Keza, hotel chambermaid, on duty on the twelfth floor of the St. Francis, who paused from time to time in her work to watch and listen. Today the male guests at the party were to be called upon by the defense to tell of the party as they saw it.

No Paper Tomorrow!

The Glendale Evening News will not be published tomorrow—Thanksgiving day.

Thursday is a legal holiday—and it's turkey day. In order that The Glendale Evening News employes may have the entire day for enjoyment, the paper will not be published.

THANKSGIVING

Gobble, gobble, gobble down the turkey tomorrow, folks, for this Thanksgiving day is going to be generally observed by the good people of Glendale. Sure, and they have a right to enjoy the prosperity and productivity of an unprecedented season, says the small boy who cared for the turkeys. Of course, we will eat heartily, says the mother, who stuffed the bird. And dad will eat heartily, too, for he knows what it's worth.

RALPH ALLEN WILL MANAGE T. D. & L. THEATRE HERE

Arranges for Louise Lovely to
Appear Personally on
Wednesday, Thursday

Ralph Allen, known for his ability as a manager of motion picture theatres, has been appointed local representative of the T. D. & L. circuit at their house here, which was formerly known as the Palace Grand. He has arranged something special for the theatre-going audiences of Glendale in persuading Miss Louise Lovely, the noted motion picture star, to personally appear at the T. D. & L. on Wednesday and Thursday nights in her gripping dramatic playlet entitled "Too Many Crooks."

This will mark the final appearances in the west of Miss Lovely as she has been tempted by eastern managers to return to vaudeville for a starring tour prior to the formation of her own picture production company. Miss Lovely brings with her a company of three people and welcomes the opportunity of appearing before the Glendale public.

Stage Star in London

Before entering motion pictures Miss Lovely was a stage star in London and played in the principal theatres of that old world metropolis in such great plays as "Camille," "Neil Gwynne," "The Blue Duchess" and others. She has headlined vaudeville programs in England, Africa, India, Australia and America, where she opened in 1914 on the Orpheum circuit and a year later became a star in Universal pictures.

Miss Lovely will be supported by Wilton Welch and George Kunkel, both of whom have been closely associated with her in stage work, the former being an author and producer of plays. "Too Many Crooks" is a thriller with a tense climax and the vehicle provides Miss Lovely with some splendid situations for dramatic effect.

Syd Chaplin Also

Sydney Chaplin proves himself a highly entertaining comedian in his own production of "King, Queen, Joker," which will be shown at the T. D. & L. theatre today. The scenes of the comedy are laid in a mythical kingdom and Mr. Chaplin plays a dual role, that of a king and of a barber in the story. The plot is good and the situations are highly thrilling. It is a picture that is worth going far to see. It was written and directed by Mr. Chaplin. Lottie MacPherson plays opposite the star.

SIMPLE WIRELESS MESSAGES

The waves of wireless stations are unceasingly passing through our houses and our bodies and we neither see, hear nor feel them. Yet if there be interposed a few strands of wire, a metal plate and a tiny glowlamp and if these accessories be ranged in order, the wireless messengers will carry the sound of a voice speaking thousands of miles away.

Olga Steeb, Noted Pianist, Entertains With Varied Program

the county farm asking for the assistance of the club in providing a little Christmas cheer for the hundreds of old people at that institution. Mrs. H. E. Boyer is chairman of that part of the philanthropy committee which looks after that charitable home.

Mrs. C. M. Turck gave an interesting short talk on the relationship of tapestries with painting, at the close of which she presented to the club on behalf of Mr. and Mrs. Turck, two tapestries of the modern French type. Mrs. Hutchinson accepted the gift on behalf of the club with a few appropriate words and assured her that the tapestries would find a suitable place in the new clubhouse.

For Life Memberships

Mrs. John Robert White, parliamentarian of the club, offered an amendment to the constitution, making provision for life memberships, which was accepted.

Mrs. Hutchinson announced that the building committee had received an offer of \$500 for three and two-tenths feet of the Brand boulevard frontage at Lexington Drive adjoining the property south of that by the owner, and that same had been refused. The committee in turn had set a price of \$750 on this 3.2 feet, which had been accepted. She explained that the club owned a total frontage of 153.2 feet on Brand boulevard. A motion carried that, providing 150 feet frontage remained, that this 3.2 feet be sold for the sum of \$750.

Social Meeting Proposed

Announcement was made that the next meeting of the club would be a social meeting, with Mrs. H. E. Bartlett in charge. The next program of the club will be given December 13. Miss Alma Geiger and Earl Mansfield Bright were scheduled on the bulletin, but at that time Constance Balfour, the famous soloist, will appear.

In introducing Olga Steeb, Mrs. Hutchinson stated that the crowded auditorium gave testimony to the popularity of the musician of the afternoon and that her name is a family watchword and is heralded with enthusiasm. Miss Steeb's appearance was warmly greeted, as were each and every one of the following numbers, which constituted her program: "Rhapsodie" (Brahms); "Hark, Hark the Lark" (Schubert-Liszt); "Eude-D-Flat" (Liszt). This last named was a very intricate number in which Miss Steeb and the Knabe Ampico alternated in playing the melody, accompaniment. The next number was "Sonata, Opus 35" (Chopin), Grave-Doppio Movimento, Scherzo, Funeral March and Finale. This was followed by "On Wings of Song" (Mendelssohn-Liszt), "Forest Murmurs" (Liszt), and "Tarantella."

Impossible to Distinguish

Portions of the latter piece were played by Miss Steeb and portions by the Knabe Ampico from a recording of Miss Steeb's playing. If one did not watch the hands of the pianist it was impossible to distinguish whether it was Miss Steeb herself that was playing or whether it was the Ampico reproducing her playing. As an encore she played "A Country Dance" (MacFadyen). Miss Steeb's interpretations were

TWELVE HORSESHOE HURLERS WILL BE ON LOCAL TEAM

Glendale Will Be Represented
by Expert Tossers; Tourney
Will Start on Friday

Glendale will be represented by twelve horseshoe pitchers in the state horseshoe tournament to be held here on the high school grounds next Friday and Saturday. They are Raymond Bruce, C. F. Neibert, A. D. Schindler, J. L. Denney, D. D. Kenyon, John Langford, George T. Paine, Vernon Putnam, Glenn Porter, A. A. Gingrick, L. H. Beck and G. E. Pettit.

The tournament will open promptly at 10 o'clock Friday forenoon with an address of welcome by Mayor Spencer Robinson, followed by the reading of the rules governing the tournament by George Krimball, Long Beach, secretary of the State Horseshoe Pitchers' Association.

W. H. Nicoles, 322 East Fairview avenue, secretary of the Glendale Horseshoe Club and treasurer of the state association, will then give a brief resume of the history of the game, after which Mayor Robinson will pitch the first shoe and the tournament will be on.

Plans are being made by Glendale, says Mr. Nicoles to entertain from three to five hundred guests during the tournament, as the interest being shown in the form of inquiries concerning the gathering is indicative, he says, of a large representation from practically every horseshoe club in this part of the state.

"We should have planned on a three day tournament instead of only two," said Mr. Nicoles today, "as it will require a day to play off the preliminaries. However this will not be the only tournament as the interest which has been shown this one means that we shall have to plan another one soon."

marked with considerable verve, which made them a delight to all who were fortunate enough to hear her.

At the close of the program Mrs. Hutchinson thanked the Barnes-Shuck Music company, through whose courtesy the artist appeared before the Tuesday Afternoon club members, and who also furnished the Knabe Ampico used in connection with the program, and also thanked Miss Steeb for her wonderful interpretations. Miss Steeb was presented with a huge bouquet of beautiful yellow chrysanthemums and ferns by the club.

Only the Ampico Has Ever Met Such a Test!

Only the AMPICO has ever successfully met such a searching test as that to which the

KNABE AMPICO *Reproducing Piano*

was last submitted.

It was a test of the KNABE AMPICO'S reproducing powers conducted under the most trying circumstances possible to conceive.

—after the hypercritical audience of professional musicians, music critics and discriminating music lovers had listened intently to the splendid performance of the great pianist

—in the very midst of the spell she had cast over all

—while the senses were keyed to the highest pitch

—the KNABE AMPICO Reproducing Piano then actually REPEATED, note for note, tone for tone, feat for feat, the magnificent masterpieces still vividly in mind!

—AND NOT ONE IN THE AUDIENCE COULD DETECT THE SLIGHTEST DISTINCTION BETWEEN ORIGINAL AND REPRODUCTION.

—It was but to reaffirm the facts established repeatedly by similar tests held in conjunction with many other world-famous pianists.

—and in every instance the KNABE AMPICO Reproducing Piano has demonstrated that it stands absolutely without a rival in the field of reproducing art.

Olga Steeb and her masterful playing may be heard in your home—the greatest pianists of the world are at your command. A demonstration of this great concert at our store on the Ampico awaits your pleasure.

Revival of Old-Time Fashions May Bring Back Romantic Era, So This Expert Asserts

By MARGERY REX

Written for International News Service
NEW YORK, Nov. 23.—Will our new romantic styles in clothes bring back an era of romance?

Will the revival of hoopskirts, lace scarves, tiny fans and garlanded coiffures cause us to live again the delicate creatures who fainted as easily and as gracefully as they flirted? And do their garments really affect the characters of women?

Sudden changes in demeanor are seen in the drab little girl who suddenly gets a new dress. She is transformed. So is the middle-aged hitherto uncared for woman whose husband may unexpectedly gain wealth. Her new raiment makes a new woman out of her oftentimes.

Miss Ethel Traphagen, expert on dress design, confirms the legend that clothes make the man or woman. At her studio on Poplar street, Brooklyn, she displayed a number of drawings of styles of the past and told me some of her own theories on dress.

Miss Traphagen's Conclusions
"Undoubtedly wearing clothes harking back to times of romance will make women take on the characteristics of those periods," Miss Traphagen says.

"Of course, you know one of my beliefs is that we go through one incarnation after another, and that when we long for the trappings of some one era we are going back to those days through which we passed and which we loved."

"In a certain mood a woman puts on a garment to express that feeling. Again, when she puts on the dress of a bygone century she assumes thereby the qualities or vagaries of the time."

"In the different stages of development in our lives we are subject to different moods in which we revert to former experiences. If a woman puts on a Modern Age costume she is apt to feel as the women of those Middle Ages did."

"The fact of woman taking to the bouffant skirts and rosebud garlanded coiffures shows a positive leaning back to the days of romance. In the thirties and in the sixties there was a romantic spirit, but there was also hypocrisy. Those crinoline girls looked very sweet and demure, but they were not always so ingenuous as we think them."

Spooning and Swooning Customs
"Even when these styles are brought out now there is always a little flippancy added to them."

But where, oh where, in our highly condensed conditions of life is there room for the dear creatures to wear their hoops and succumb to the "vapours" at the slightest provocation? At least girls who swoon easily might be preferable to those ultra-moderns some of our readers

score so savagely, those who spoon too easily and those whose only "vapours" are the thin streams of cloud that arise from the amber cigarette insulators.

"In Victoria's reign," Miss Traphagen continued, "she was so repressed that everybody became bottled up. The styles immediately showed this. The squeezed-in waists, the ridiculous stuffed leg-of-mutton sleeves tell of the influence of this strict ruler."

"But in America we have a conglomeration of races. Each brings a different environment and a past. The countries from which they come have each had a different history of fashion affected in so many ways in the past. No one silhouette of style predominates today."

Clothes Have Influence

"Clothes influence women greatly. The gingham dress imparts youth and freshness. It speaks of childhood and bread and butter days. Brocade makes us feel regal; velvet, dignified and a little softened."

"She who dons taffeta becomes crisp and jaunty like the fabric. Blue serge is business like and suitable and lends self-confidence."

"The rolled-down stockings and all too short skirts we have had for some time give a woman vulgarity. Or, rather, they bring out her innate vulgarity, for the fact that she wears them shows the quality to be in her."

"Colors have a greater power over ourselves than we imagine. Each has a separate meaning. Yellow speaks to those who can understand it, but blue cannot say what yellow says. Neither can red nor violet. Blue is cold and formal, but very satisfactory. Green is cool and restful, while yellow is cheerful and brilliant and creates harmony about it. Red is warm and aggressive, orange rather hot, but still very decorative; violet is mystic, mournful and darkening."

"Light colors give youth, gaiety and femininity to women, while the dark shades offer dignity and repose. Neutralized colors have great charm and subtlety."

They Like Protection
What man wouldn't want to protect a dainty thing in shell pink or baby blue, and who cares what happens to a navy blue serge girl?

Little satin toes peeping from beneath a lacy skirt are more tantalizing than plain sight of two little knees that knock. Preserving old letters in lemon verbenia may become a more popular indoor sport than preserving one's own sweet self in apricot brandy.

But the romantic girl had lily white hands and wore flowers at her throat. This last feat is one mystery we would like explained. The practice of having lilies-of-the-valley or violets way up near one's larynx is inexplicable.

LANDS HUGE SWORDFISH

AVALON—Mrs. Keith Spalding, wife of a widely-known California sportsman, has accomplished what famous fishermen have been seeking to do for a year. While cruising about recently in a powerful motor-launch she got a bite and, after a battle of about an hour, brought to gaff a broadbill swordfish weighing 426 pounds. It was the second largest of the species ever caught in these waters.

MRS. R. BRAZER AT HOME

Mrs. Ray Brazer, who was slightly injured in an automobile accident last night, returned to her home at 594 East Colorado boulevard, Pasadena, this morning from the Glendale Sanitarium Hospital. Her daughter, Miss Mabel Brazer, was uninjured.

Instantly Opens Every Air Passage—Clears Throat

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Advertisement.

COMMENT THAT'S ALL

Tomorrow—Thanksgiving
Tujunga's Growing Pains
Hatter's Son Is Hatless
Los Angeles' Loose Lid

By Gil A. Cowan

THANKSGIVING day rolls round again tomorrow.

Everybody just about as thankful, some more so. Maybe more turkey will be eaten in the U. S. A.

Maybe more goose, but that differs little. The fact that this country stands alone among nations as one in which actual starvation is little known gives thought for Thanksgiving prayers. Celebration of this one holiday is exclusive to the United States except in those places where emigrants have gone forth.

In panic and prosperity alike, there has always been plenty to eat—if the people could get to it. That is one thing for which America is famous—its food. Millions of Russians today look to Uncle Sam for their succor; thousands of Englishmen are eating American food products.

Then, when we residents of Glendale turn about and look at statistics and see Los Angeles county producing more food per acre in its marketable value, one can but think that this, surely, is the favored land in more ways than one.

Glendale has a great deal for which to be thankful. Its wonderful growth in both population and building, of course, is the outstanding feature of the year. But a glance about will give a hundred and one more reasons for thankfulness.

It would be a good idea to take a stroll around the city tomorrow after the turkey dinner and see all of the things for which we give thanks.

Tujunga, our neighbor on the north, has growing pains. Quite painful, too, is the indication. As a community the populace have been up and a-coming, full of the ozone that makes the climate up in the Verdugo hills so healthy. And now some of the more progressive people want to incorporate. Others object to the idea with the same thought that a mother has about her little boy growing up.

So it is that they debate and argue and lock intellectual horns and play the flute and fiddle the strings of an old violin in a new key that will likely add ink to the pen of John Steven McGroarty, Wallace M. Morgan and a few others who write away their lives in the green Verdugo hills.

Eventually, Tujunga is going to be a city of the sixth class. It cannot help itself. Incorporation may be a necessary evil, but it cannot be avoided when a community reaches a population of several thousand. That is the situation faced by Tujunga today.

Everybody enjoys "human interest stuff." One of the best subjects in Glendale for a story along this line is "Hatless" Hayward, who sells real estate for a living at the Edwards & Wilkey office, 129 North Brand boulevard.

Nine months of the year his father, E. W. W. Hayward, travels through the east selling hats. His son, E. Payson Hayward, never wears a hat, while another son, J. S. Hayward, usually has the sartorial adornment.

The other night the two brothers and their mother had a little dinner party at the "Hatless" Hayward home. After the evening was over J. S. left—without his hat.

The next morning Payson rushed over to 428 West Lexington drive, and said: "I don't want your Stetson, even though it does fit and is brand new. You know I never wear one."

Los Angeles is all wrought up. The vice lid is said to be off because they transfer one police official. The largest cop on the force would make a pretty poor lid.

If the morals of a city are to be controlled by one man, the town either is immoral or so highly moral that it needs no policing. Now Los Angeles is neither, but a little below par when it comes to efficient law enforcement.

Are You An Artistic Dancer?

Would you like to learn the latest artistic steps of the dance?

A small select dancing club is under consideration.

If enough refined people in Glendale are interested, it will be directed by Adeline Leone McAdam, principal of the McAdam Normal School of Society and Professional Dancing under the direction of L. E. Behymer.

She has coached many professional dancers and has instructed many dancing teachers and positively refuses to waste time upon couples whose sole desire is to embrace and wiggle in public.

Pupils taught by Miss McAdam have appeared in programs and professional engagements at the following prominent places in the vicinity: Orpheum, Pantages, Majestic, Morosco, Grauman's, Auditorium, Cinderella Roof Garden, Ambassador, Maryland, Raymond, Alexandria, Alpine Tavern, Virginia Hotel of Long Beach, Los Angeles Athletic Club, Jonathan Club, California Club, Ebell Club, and Shakespeare Club of Pasadena.

By special invitation Miss McAdam has agreed to teach a class of adults in Glendale provided they are sincere in their appreciation of correct dancing.

Her fee at her Los Angeles studio ranges from \$100 to \$500 a course. The fee here will be very low—only \$6 for each couple or \$4 for each individual a month.

If organized, this class will meet every Wednesday night at the K. of P. Hall, 109 West Park avenue. Only couples will be permitted to join if who are congenial with each other.

If you are interested, please send your name and address at once to Ralph Hassell, Glendale Typewriter Exchange, 107 West Broadway. Phone Glendale 1168 for further information.

STUDENTS TO HEAR FORD'S WATER PLAN MARATHON WINNER IS ENDORSED TALK ATHLETICS BY EDISON

Harry Rimmer Will Appear at Local High School; Back From Middle West
Object Lesson to Nation to Be Biggest Thing, Says Inventor's Statement

Harry Rimmer of Los Angeles, winner of the marathon race in the Olympic games held in Stockholm, Sweden, has been secured by the Hi-Y to deliver an address at the high school assembly the forenoon of December 8, announces Rex C. Kelley, Y. M. C. A. secretary of the Glendale district. Mr. Rimmer was in Glendale last June, when he was one of the principal speakers at the state convention of the Christian Endeavor.

While here next month, Mr. Rimmer will consult the school officials and ascertain if there is any particular problem in athletics confronting the school and will then base his address on whatever problem is presented.

Refuses Japan's Offer

In the athletic field Mr. Rimmer has had an unusual and varied experience. During the late war he was director of athletics for the Pacific fleet. He was offered a commission by Japan to teach athletics in that country, but refused to accept because of a provision which would prohibit him teaching Christianity at the same time. During the past year much of his work has been devoted to organizing welfare organizations among the lumberjacks of the north.

He recently arrived in California from the middle west where he was engaged in addressing high school students on the value of athletics, and while there concluded his work with a large meeting of the high schools of Cleveland, Ohio.

Traveling Over State

During the months of November and December he is traveling throughout California lecturing in the various high schools of the state.

His address at the Glendale High school will be given during the regular assembly hour, Thursday forenoon, December 8, in the high school auditorium. Mr. Rimmer will also visit Burbank while here and deliver a short talk to the Hi-Y groups at that place. On the following Saturday, December 10, Mr. Rimmer will be one of the speakers at the play festival held in Covina.

Railroad Accidents Are on Increase in Mexico

MEXICO CITY, Mex.—Railroad accidents are increasing in number in Mexico. Many causes are assigned for this condition, which is causing heavy losses to the lines, delay to shippers and peril to passengers.

As there are two rival classes of railroad employees, each of these blames the other.

One body of workers was engaged at the time of the general railroad strike last February. These are accused of incompetency by the older employees, who were taken back after the strike failed.

The new workers retort by charging the older workers with carelessness.

It is said that the real trouble is due to bad condition of the track, caused by heavy rains and floods, and to the need of newer and better rolling stock.

In Sweden the medical profession was opened to women by royal decree in 1870.

ORANGE, N. J., Nov. 23.—Thomas A. Edison is sure that Henry Ford will do a big thing for the south and for the country in the development of the Muscle Shoals water project. Muscle Shoals will produce a million horsepower and employ a million men, but Mr. Edison is not sure the object lesson to the nation will not be the biggest thing about it.

"The development of Muscle Shoals," said Mr. Edison to me in his laboratory, "should cause others to develop water power in other parts of the country. There is enormous water power going to waste, not only in the south, but all over the country. A waterpower at work is real wealth. Wheat is not wealth. We may raise two billion dollars' worth this year and a year hence it will have been destroyed. But a waterpower goes on forever."

Many Smaller Powers

"There are no more Niagaras in the country, but there are a great many smaller powers that, in the aggregate, are of great national importance."

"Henry Ford is the first man in the country who has had sufficient imagination to see the opportunity and take advantage of it."

"Think of the enormous increase of the man power of the country that would result from the giving to farmers of an opportunity to work twelve months a year instead of four. Farmers now don't do much except chores in the seasons when they are not sowing or reaping. They could increase their earnings a great deal if they were able to work in factories when they are not farming."

"The development of the industries that Henry Ford purposes to establish at Muscle Shoals will not only give employment to hundreds of thousands of men, but it will increase the wages of everybody else in the south."

"I never saw anything like Ford's restless activity. I told him when I saw him Saturday that if there were 500 men like him in this country we should all have St. Vitus dance. He's a wonder. He's that rare combination of natural mechanic and business man."

Nothing to Stop Him

"What Ford sets out to do he will do. He permits nothing to stop him."

"I shall be very interested in visiting Muscle Shoals with Mr. Ford. He told me the other day that he would be along with his private car after Thanksgiving. I shall be ready whenever he comes."

Mr. Edison is going to Muscle Shoals for two purposes—to give an expert opinion with regard to the cost of completing the work on the project that the government has begun, and to advise Mr. Ford with regard to the many electrical and chemical processes he will employ.

Want to Live to Be 101? Eat Corn Bread

DEFIANCE, Ohio.—"Eat lots of corn bread, also meat and vegetables, especially cabbage," answered Mrs. Anne E. Ralston, aged 101, when asked for her formula of a diet. Mrs. Mary Hazelswart, nurse, stated that Mrs. Ralston, who celebrated her birthday this week, still follows this diet.

"Play while you're young, but work hard when you're older," said Mrs. Ralston, recalling the "old coit," "duck and goose" and other outdoor games which provided her with tanned cheeks and a robust physique when yet a little girl back on her father's farm in Maryland.

"I came to Defiance in 1856 with my husband, Joe, and we worked hard to make our living in this pioneer country," Mrs. Ralston stated. "If you see anyone who doesn't want to work, or thinks it isn't good for them, send them to me."

Mrs. Ralston still lives in the same homestead property which she has occupied more than half a century. It stands in North Defiance, Ralston avenue, which passes her home, was named for her.

Confident that she will live another year, Mrs. Ralston invited scores of friends, who called to congratulate her on her birthday, to return on the same occasion next November.

"I want to live no longer than the good Lord would have me," said Mrs. Ralston, who declared that she felt better than she did a year ago, when she passed the century mark.

The United States levied its first internal revenue tax in 1791.

FOOTBALL SURPRISE SEASON WILL END NEXT SATURDAY

Due to Number of Upsets, No
Advance Picking Is Being
Done by Many Experts

By JACK VEIOCK
Written for International News Service
NEW YORK, Nov. 23.—This has
been a season of many upsets on the
gridiron.
Centre's victory over Harvard,
Harvard's triumph over Yale, Navy's
humbling of Princeton and many
other games that resulted in sur-
prises have done their bit toward
keeping the football fan guessing.

As a result followers of the game
have come to the conclusion that it
is best to take nothing for granted
in football and critics are wary to-
day about picking favorites in the
final games of the season.

Several games of importance re-
main to be played.
The Pitt-Penn State contest at
Pittsburgh Thursday and the Army-
Navy game at the Polo grounds on
Saturday are the headliners.

Public Frankly Puzzled
While followers of football are
disposed to regard Navy and Penn
State as favorites to win these games
the fact remains that the betting
public here is up in the air on how
to size the annual battle between the
Cadets and Middles, and adherents
of Penn State while confident their
eleven will triumph over the Pitt-
sburgh Panthers, are not offering the
longest odds ever put down on a
football team.

Penn State's players, too, have
taken Pitt seriously and worked
harder for this game than any other
contest of the season. The Navy
looked great after the Princeton
game and still looks good. The de-
feat of the Middles by Penn State
was no disgrace for the Annapolis
team, as the 13 to 7 score indicated.
Army looked good in the Yale game.

The Cadets seemed to be a team
of surprising strength. But along
came Notre Dame and swamped them
under a 28 to 0 score, which sent
their stock sliding down the tobog-
gan. However, Army, like Harvard,
fights harder against the one oppo-
nent than any other team and Coach
Daly's boys may surprise everyone.

To Pick Seattle Squad
After the Penn State-Pittsburgh
game Coach Dezek will pick his
squad for the long trip to Seattle,
where University of Washington is
to be met by the Nittany Lions on
December 3. California beat this
team 72 to 3, and it will be inter-
esting to see what Penn State can
do with it after a long trip across
the country.

Iowa has not yet accepted the in-
vitation of the Tournament of Roses
committee at Pasadena to play Cali-
fornia's champions on New Year's
day. Lafayette or Notre Dame may
be invited by the Golden staters.

Cruise to Start, Belief
ANNAPOLIS, Md., Nov. 23.—
Cruise, who has supplanted Hamil-
ton at halfback, and Weldorn, who
has taken Bolles' place at tackle, are
almost certain to start the Army
game, barring accident, it was stated
today. The other Middle back field
players will probably be Conroy,
Koehler and Barchet. Navy will
wind up practice here today before
leaving for New York Thanksgiving
afternoon.

Regulars In Their Places
WEST POINT, N. Y., Nov. 23.—
With French and Smythe back in
the lineup and all the other regulars
in their places today, Army dug into
its final session of hard scrimmage
for the Navy game. Army coaches
will spend the rest of the week pol-
ishing up the defense of the cadets.

"It is simply rotten. The people
here treat us as if they knew we
were not accustomed to much money

money."

HISTORY'S STUDENTS RECEIVE BENEFIT FROM PICTURE

'Three Musketeers' Is True to
All Details; Production Is
Gorgeous and Dashing

Again King Louis XIII holds
sway. Not in France this time,
however, but at the Glendale Thea-
tre, where Douglas Fairbanks' new
picture, "The Three Musketeers" be-
gan a four-day run yesterday.

Students of history as well as stu-
dents of literature, especially wor-
shippers at the shrine of Alexander
Dumas, will get a great deal of sat-
isfaction out of this picture, dealing
as it does with the history of the
French monarchy during the reign
of Louis XIII.

No more gorgeous production has
ever been presented on the screen
than the Fairbanks' version of Du-
mas' most popular novel. Few lib-
erties have been taken with the
story, and we are told that what
might be conceived by some to be
interpolations are but authentic ad-
ditions from the Memoirs of D'Ar-
tagnan, which is said to be the origi-
nal source from which Dumas ob-
tained the material for his immortal
story.

Plenty of Dash
The screen adaptation of this grip-
ping film is attributed to Edward
Knoblock, one of the most successful
of present-day playwrights. He has
prepared a vehicle which preserves
all of the dramatic qualities of the
book and at the same time gives
Douglas Fairbanks the opportunity
to do the greatest work of his car-
eer. As D'Artagnan, the impul-
sive, fighting Gascon, who dared to
cross Richelieu, the power behind
the throne of France, we see a new
Fairbanks. He brings to this role
all of the dash that it deserves, and
at the same time imbues the charac-
ter with human qualities that will
establish the part as a piece of clas-
sic acting on the screen.

The first safety razor was merely
an ordinary straight razor with a

Long Beach Is Oil Mad
LONG BEACH, Nov. 23.—Oil ex-
citement in the Signal Hill district,
at fever heat since Sunday when a
gusher was brought in, was intensi-
fied by expectations of another at
the California-Mex No. 1 which came
in intermittently on three occasions.
This will be the fifth producer in the
field.

Christmas Cheer on Board
SAN PEDRO, Nov. 23.—It was re-
ported today that the steamer West
faredon with \$7,500,000 worth of
liquid Christmas cheer is steaming
toward this port. No hope is held
out, however, that there will be a
moist Christmas in southern Califor-
nia, for the 50,000 cases of bonded
Scotch whisky aboard are consigned
to British Columbia.

Fear Tong War in L. A.
LOS ANGELES, Nov. 23.—Pre-
cautions were being made by the po-
lice to prevent the outbreak of a
tong war in the local Chinatown. De-
tectives interrogated two white men
arrested after an alleged attempt to
break into the headquarters of the
Hop Sing Tong.

Reports that sixteen white gun-
men had been imported from San
Francisco and other northern cities
to aid the Huey Sing tong were be-
ing investigated this afternoon by
the police.

Seek Gardner's Accomplice
LOS ANGELES, Nov. 23.—An ac-
complice of Roy Gardner, mail band-
it, recaptured at Phoenix, Ariz.,
last week, is being sought in Los An-
geles. United States Attorney J.
Robert O'Connor received a tele-
gram from United States Attorney
Flinn of Phoenix, which attached a
new angle to Gardner's criminal re-
cord.

The telegram explained that in the
lining of Gardner's coat was found
a letter addressed to a Los Angeles
man. Gardner wrote the letter, but
had not mailed it.

In it he said he was sorry he had
been delayed in returning to Los An-
geles, but would visit the city in a
few days.

Federal detectives reported they
could not locate the street, nor the
man named in the telegram, so a
message was sent to Phoenix, asking
that the letter be rechecked for mis-
takes.

ing the last two weeks, have been re-
captured and are being held in jail
in Weaverville. They will be tried
in Trinity county on the charge of
prison breaking, a felon punishable
by from one to five years in prison.
In addition they forfeit all prison
credits previously earned.

Uncle Sam's 'Devil Dogs' Guarding Mails Against Attacks by Desperate Bandits; Wise Crooks Will Not Attempt Any Holdup

By K. M. ELISH
Written for International News Service
NEW YORK, Nov. 23.—Robbing the mail is now listed as "a most hazardous occupation" by knowing crooks. In fact, they consider it tantamount to suicide. And there's a reason.

The marines are now "riding the mail." Veterans of the world war and numberless skirmishes with savage guerrillas and semi-savage bandits have been called in to protect the precious loads of registered mail that daily and nightly are transported through the streets of New York. Marines, armed with automatic pistols and pump guns, shotguns, sit by the drivers of the mail trucks as they speed from station to station. Marines stand guard at the platforms where the mail is loaded and unloaded; marines ride in the mail cars between cities, assuring 100 per cent protection to the mails.

It would be a foolhardy bandit who would try to "put one over" on the "leathernecks" of the sea service.

These marines are the self-same chaps who stopped the German onslaught in Belleau Woods, tore holes in the Hun line in the famous offensive at Soissons and led the van clear into Germany. They have seen active service in Haiti, Mexico, the Philippines, and, like all marines, they are handy with firearms.

The marines now guarding the mails are the heirs to a fighting tradition 146 years old. And they can fight mail robbers just as well as they fought Germans. One look at the armed man riding beside the chauffeur of the mail truck is enough to take the ambition out of the would-be bandit.

The task to which the marines have come in New York is a hard one. Many of the mail platforms which they must guard in the downtown section are practically in the street, with passersby mingling with postal employees. It is at these points that the most valuable mail—that from the local federal reserve bank and the banking houses of Wall Street—is

handled. And after 7 o'clock at night, when the downtown district is deserted, the mail trucks travel through lonely streets that are just what Postmaster General Hays called them, "gulches that seem as lonely as the gulches of the Rockies." In just such a lonely "gulch," Leonard street, just off Broadway, occurred the famous "million dollar hold-up" that brought Mr. Hays to New York for an investigation that resulted in the suspension of three high officials of the local postoffice. This holdup was the first of a series of sensational attacks on the mail that culminated in the Paxton, Ill., holdup, in which a porter was shot dead and a mail car burned. It became evident then that heroic measures were needed to make the mails safe, and the marines were called upon.

And now the postal officials in charge of the shipment of the mail sleep again. For the marines have reported "and have the situation in hand."

Santa Claus Appears

So far as is known, Santa Claus made his first appearance in Van Nuys last night. He appeared in person before a representative gathering of the members of the Merchants and Manufacturers association, and made arrangements for them to distribute 1000 presents to the children of Van Nuys and vicinity at their next Bargain Day, which is to be held on Tuesday, December 13. To assist in the distribution, an immense Christmas tree will be secured.

Legion Has Glee Club

Tujunga Post 250, American Legion, is getting up a very snappy glee club and dramatic club to occupy the winter evenings and also to increase the revenue of the post's treasury by giving a series of good entertainment. A number of good one-act plays have been selected and rehearsals will begin before very long.

Good Price for Potatoes

Van Nuys potato growers will receive a good price for their product this season, indications now pointing to \$3.00 per cwt., or better, according to the grade. The acreage in potatoes this fall is not as large as last year but the average yield is expected to show a good increase. In one field of 25 acres, operated by R. L. Boyer, the expectation is 150 sacks to the acre.

Tabby Escapes With All of Nine Lives

FAIRPLAY, Colo.—"Tabby," the

pet Maltese cat of Dr. L. M. Gwinn, of Fairplay, escaped with all of its traditional nine lives when it was rescued from an old box in which it had been imprisoned for ninety-nine days, without food or drink.

The children of Dr. Gwinn found the cat in a box, where it is believed to have jumped from a burning building last June. "Tabby" was a handful of skin and bones when rescued. It could not stand on its legs and could not even meow, but is expected to recover under careful nursing.

Orchards Being Planted

That it is only a question of when the upper valley will be one of the big fruit and nut producing sections of the state is being brought out more positively day by day. The latest activity is being brought about by the Oxnard Land company, which plans to set 200 acres opposite the Shaw ranch on Ventura boulevard to walnuts in February.

ABSORBED BY EDISON CO.

SAN FRANCISCO, Nov. 23.—The Southern California Edison company was given authority by the Railroad Commission to acquire all the properties of the Santa Barbara Electric company. The Southern California Edison company is to pay \$682,634 for the properties and to assume the payment of all the indebtedness and liabilities of the Santa Barbara company. The indebtedness to be assumed amounts to \$1,056,863. The Edison owns all but 635 shares, face value \$63,500 of the outstanding stock of the Santa Barbara company and has offered to purchase these 635 shares at \$70.50 a share.

EXTRA PROFITS FOR THE RANCHER GAINED FROM STUDY OF MODERN TILLAGE METHODS BY COMMUNITY FIELD GATHERINGS

California ranchers, with difficult problems, accomplish wonders and add profits by studying the conditions of their own districts in a practical manner. Following the State Fair at Sacramento, a number of the leading ranching communities, realizing that they have individual problems which they must solve for themselves, have formed community field gatherings where the best tillage methods for that particular locality have been studied and decided upon. To assist them at these field gatherings, they have invited some of the leading Tractor and Implement dealers of Los Angeles, firms who maintain service departments and firms whose tractors and implements have been specially constructed to meet California conditions.

Such a meeting will be held near Van Nuys on Wednesday, November 30, by the ranchers of that vicinity on Max Pfaffinger's ranch, corner of Sherman Way and Woodley Ave., 2 1/2 miles west of Van Nuys; and if it is successful, as similar meetings have been in the northern part of the state during the past 60 days, every rancher and orchardist in the community will be benefited. A group of Los Angeles dealers, consisting of the Holt Mfg. Co., Dixon & Griswold Co., and the Killefer Mfg. Co., will assist at this field meet and lend what assistance they can to the ranchers of this section. In the interest of the fruit growers, the Dixon & Griswold Co. will bring their La Crosse Orchard Disc and Mold Board Plows, which were designed in California especially for California's orchardists. These La Crosse Orchard Plows are the ideas of prominent California growers and were worked out by a designer having years of experience with the oldest disc plow manufacturer in the United States.

The Killefer Mfg. Co. will have on hand their famous Deep Tillage Tools for sub-soiling. They will show the practical operation of their Sub-soilers, Cultivators and Disc Harrows. These will be a revelation to many of the ranchers in the Valley.

One of the most interesting features of next Wednesday's meeting, is the fact that both the Killefer Mfg. Co.'s tools and those of the Dixon & Griswold Co., will be operated during a 6-hour field meet—from 10 a. m. to 4 p. m.—by the new small model of the Holt Caterpillar Tractors. This T-35 Caterpillar Tractor was seen for the first time at the State Fair held this past September. This will be the first opportunity for the many ranchers and orchardists to see this wonderful new Model T-35 Caterpillar Tractor in action.

It will be interesting to many to know that the H. G. Pendell Co., of Los Angeles, will transport the tractor and implements in a Denby Truck and two trailers.—Advertisement.

GLENDALE WILL BE REPRESENTED AT LEAGUE SESSION

Annual Meeting to Be Held in Riverside; J. M. Rhoades Selected as Delegate

Glendale will be well represented at the annual meeting of the League of the Southwest which will convene in Riverside December 8, 9 and 10. At yesterday's meeting of the Chamber of Commerce directors it was decided to ask for twenty-five seats for spectators at the sessions while Secretary James M. Rhoades was named as delegate from Glendale with Assistant Secretary E. F. Sanders as alternate.

The League of the Southwest is an association of civic organizations, cities, counties and states which has as its principal purpose the development of the Colorado river valley. Governors from the seven or eight southwestern states represented are usually in attendance and this year the program includes speeches by vice President Calvin Coolidge and Secretary of Commerce Herbert Hoover.

American Education Week
Among other business brought before the chamber yesterday was American Education Week which will be observed December 4 to 10 under the auspices of the National Education Association and the American Legion. At the request of Richardson D. White, superintendent of the city schools who is a Legionnaire and member of the chamber's board, the idea was endorsed.

A long communication accompanied by a complimentary membership in the Glendale Music Club was received from Mrs. Mattison B. Jones who told of the publicity obtained in national musical circles by the local organization.

Support of the chamber was asked in giving the young people of Glendale musical opportunities which can be offered only through some institution like the Glendale Music Club.

Other Routine Matters
Badges for boy members of the Glendale Hi-Y going to the state convention at Santa Barbara in the near future will be paid for by the chamber. Five dollars was voted the Associated Charities. Attention was called to a meeting of the Los Angeles County Anti-Annexation League meeting to be held in the Women's Clubhouse at Sawtelle, Friday, November 25.

A resolution forwarded from the Pasadena chamber in regard to rigid examination of motorists prior to issuing them drivers' permits was referred to the Automobile Club of Southern California for recommendation. The Tournament of Roses float committee was present and was instructed to go ahead with plans for having Glendale represented.

Baron Kato declared Japan did not come to Washington to advance her own interests, but to join with other nations in working out a program for peaceful development in the Far East.

SEVERAL UPSETS IN AVERAGE COLUMN FOR BOWLERS

Dope Sheet on Local Alley Artists Gives Interesting Figures for Fans

Averages of the bowlers in the Glendale Elks' house league, which is just starting in on its fifth week of a seven-week season, have produced a large number of upsets on the dope sheet, many heretofore "unknowns" having blossomed into real dark horses, and likewise a number of former members of representative bowling teams having "flivvered" and been surpassed by rivals in lower classifications. However, the first three high marks are still being held by members of last year's official lodge team.

List of Averages
Following is a complete list, to date, of the averages of the players in their various classifications:
Class A—Viohl, 179 5-9; Fortunato, 178 7-12; Ward, 176 1-6; Apfel, 169 5-6; Gihuley, 163 1-3; Hilbrand, 162 4-9; Huesman, 161 1-2; Stone, 160 4-9; Brown, 158 1-6; Wyckoff, 155 1-12; Caswell, 153.
Class B—Clark, 167 2-3; Hill, 166 1-9; Card, 165 1-12; Ulrich, 160 2-3; Timmons, 160 1-4; Chambers, 159 1-12; Howard McGillis, 156 1-9; Dodson, 150 2-9.

PRISONER IN ICE CHEST

SAN FRANCISCO, Nov. 23.—Paul J. Warren, 31, former porter at a cafeteria was arrested as one of the two men who gained entrance to the cafeteria through the skylight, locked the porter on duty in an ice box and jimmied the safe. Warren had \$625 on him when arrested and the police believed his companion had secured a like amount. The porter imprisoned in the ice box was suffering from the cold when released by other employees on their arrival an hour after the robbery.

The World Over

By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

PHILADELPHIA, Nov. 22. — A rather curious thing has happened here. Because of the world-wide prominence that has been given to the carnival of relay races which annually is held under the auspices of the University of Pennsylvania, the athletes of this city have come to specialize in this form of running and, to a large extent, have lost interest in other forms of track and field competition. In other words, the relative importance of relay racing has dwarfed all the rest.

Quoting from the conversation of the sports editor of a large Philadelphia morning newspaper: "Philadelphia, in the last few years, has come to take an active interest in practically only two lines of sport—relay racing and football. Of course, I refer to competitive athletics. Thousands will crowd the stands to watch relay contests, where only hundreds will attend a regular track and field program. Even the rowing races in which the crew of the University of Pennsylvania competes attracts only a desultory sort of a crowd."

"Everybody is keen for football and even the school or pick-up teams will attract a crowd of interested spectators. It is needless to say the university games, no matter what colleges may be playing, are crammed to capacity. On the other hand, baseball relatively does not get anyone excited."

SPORTS CHATTER

PACIFIC SPORTS SERVICE

What do baseball players do during the off season? Many of the players are experts in various lines and have no difficulty in finding jobs to carry them over until the next season. In the great majority of these cases, the players find their business ability is not rated as high financially as their baseball ability. They, however, can make a good living wage at whatever they undertake.

On the Pacific coast the duck season is in full swing when the baseball season closes, and many players find the business of becoming a professional duck hunter a paying proposition. A number of them are expert shots and have no difficulty in shooting the "limit" each day.

Shooting as a sport and recreation is a side issue that many baseball players are interested in. Ty Cobb, at present playing in the California Winter league, is an ardent hunter and shooter, and whenever he can get away he wanders away with friends into the duck preserves and during the last few weeks has proved his ability with the gun.

Many ball players find considerable recreation in trapshooting and many of them are expert shots. Notable among these experts are Jess Barnes, Eddie Collins, Bob Chawkey and others. "Chief" Bender, the famous Indian pitcher of the Athletics is a nationally recognized trap shooter of more than ordinary ability and has won innumerable prizes at this sport.

Basketball reports from all parts of the Pacific coast section indicate that the coming season is going to be

Glen Killinger Will Be Big Attraction at Football Battle

By JACK VEIOCK
Written for International News Service
NEW YORK, Nov. 23.—Glen Killinger, Penn. State's super-quarterback, will be the cynosure of all eyes tomorrow at Forbes Field, Pittsburgh, when the Nittany Lions tackle Pop Warner's Panthers in an effort to clinch the eastern football championship.

This game is the biggest on the turkey day schedule and if the Lions win it they will be supreme on the Atlantic seaboard, winding up with eight victories and one tie out of a stiff schedule of nine regular games. State has a game with Washington university at Seattle, December 3, but it will have no bearing on the eastern title.

Throughout a brilliant season of competition against some of the strongest teams in the east, Killinger has been the guiding spirit of Hugo Bezdek's team. He is one of the season's big point scorers and has won his spurs as a field general extraordinary.

Killinger is regarded by many critics who have seen him in action as one of the greatest ground-covering backs ever developed in this country. His great physical power, coupled with speed and natural ability to play the game enables him to sweep through a broken field with the catapault force of a stampeded Texas steer and he often evades a tackler at close quarters by sheer speed alone.

In view of the crowds that attended the international competitions between the hockey teams made up of the visiting English girls and the All-Philadelphia, the idea suggests itself that the Philadelphia is looking for something new with which to tickle his athletic palate. Eight thousand persons were present when the first of these hockey contests was played on the grounds of the Germantown Cricket club. We will quickly pass over the fact that the American girls were beaten by their British cousins by a score of 16 goals to 1.

Of course, it is not to be assumed that Philadelphians take no interest whatever in anything outside the relay and football. Naturally, as the home of the world's champion tennis player, William Tilden, the court game has many votaries, just as has golf or any other of the recognized sports. What it is meant to convey is the fact that when it comes to real enthusiasm and excitement football and relay racing are the only ones capable of arousing it to concert pitch.

The average boy who goes to a college from Pennsylvania preparatory schools will aspire to make one of the college relay teams without much thought of the 100, 220, hurdles, pole vault, mile or other standard events. The ultimate, in the estimate of the boy is to make the football team. The baseball nine or the crew is slighted, relatively.

Southern California has always been a great winter paradise for eastern golfers who can't play their favorite game in their own section of the country. Howard G. Sassman, representative of the Golfers' Magazine, recently visited San Diego and was enthusiastic in his praises of the beautiful Coronado Country Club course which has recently been remodeled and the entire course being made a grass one. "Southern California, and particularly the beautiful Coronado course as a winter headquarters for amateur golf enthusiasts of the east, as well as the great majority of eastern professionals is an assured fact," said Sassman. "The Coronado links are remarkable in every way, and the beautiful climate here in the winter is well known. Eastern golfers are already planning to come to Coronado for the winter and the tournaments announced by the Coronado club to start January 1 will unquestionably be well filled with eastern entries."

EMBEZZLEMENT CHARGED

SACRAMENTO, Nov. 22.—Governor William D. Stephens has issued a requisition on the state of New York for the return to Los Angeles of Monroe Marks, charged with embezzlement. Marks is alleged to have swindled Dr. Francis Anton of Los Angeles out of approximately \$3500 in an oil deal. B. J. Cohn and A. C. Jewell, state agents in the case, left here for New York.

BELIEVE PARLEY SUCCESS

WASHINGTON, Nov. 23.—The British delegation to the arms conference believes the success of the parley is practically certain, it was stated semi-officially. "The British mission is of the opinion that the success of the Washington conference is almost assured," the announcement said.

TIPPING A MILLIONAIRE

How he earned a shilling tip was amusingly told by Sir Thomas Lipton at a concert given by the firm's choral society a few weeks back. "When I was crossing over from America last year," he said, "I was preparing to sit down on a deck chair when a parson came up. 'Look here, steward,' he said, 'I want a deck chair put in that corner spot.' 'I got a deck chair and placed it there, when he said, 'Here's a bob for you.' 'Being Scotch,' concluded Sir Thomas, 'I took it.'"

SEEMED ONLY EXPLANATION

Wilbur had seen the various peddlers come through the alley with horses and wagons pulling their wares. So when the scissors grinder appeared one day carrying the bulky machine on his back there seemed to be but one explanation possible to the lad. When the man came near enough, Wilbur asked sympathetically: "Mister, is your horse dead?"

WHY IT EXISTS

An Arizona entomologist claims to have discovered usefulness in the chigger. We don't know what it is, but our guess is that the chigger exists solely for the purpose of giving people something to do when they might otherwise be comfortably doing nothing.

The "small" man remains small by reason of his own shortcomings, not because of the persecution of others. We too frequently go far afield to learn the reason for our failure, when all we have to do is to look around a bit at home.

Chicago has one cold storage plant which will accommodate 21,000 tons of meat.

TWO COULD PLAY GAME

A hundred years ago a wealthy bachelor, named Paige, who lived near Albion, R. I., gave a party; one of the young ladies left a glove. Mr. Paige returned it with the following note: "If from your glove you take the letter G, that glove is love and that I have for thee." The young lady replied: "If from the name you take the letter P, that Paige is age and that won't do for me." The story is vouched for by a friend of the Outlook, whose grandmother had it first hand.

TIDES DISPOSE SEWAGE

In Boston and many other coast cities the tides are utilized in the disposal of sewage, part of which is held in reservoirs until strong outgoing tidal currents have developed. Before the turn of the tide the sewage has been carried so far that it has become mixed with an immense body of ocean water and is rendered harmless.

GRAPHITE

Down to 1850 graphite was obtained chiefly from the Borrowdale mine in Cumberland, England. Since then a supply has been drawn from eastern Siberia; from Ticonderoga, New York state; Buckingham, Quebec; and Bohemia. Graphite is also produced in Ceylon, and Madagascar. Artificial graphite is also being manufactured.

BETTER 'N AN ICE WAGON

When two little Irish boys asked a woman in an electric machine for a ride, she looked into the upturned dirty faces and couldn't resist. While driving to the street they had designated they sat perfectly still, but when they got out she heard one say: "Gee, that's better 'n ridin' a ice wagon, hain't it?"

**SALVATION ARMY IS
 EVER READY FOR
 CALL OF NEEDY**

Many Quarts of Milk Being
 Distributed to Children;
 Thanksgiving Reunion

Envoy Fred Giles of the Salvation Army smiled a little when he mentioned the report that there are no persons needing financial assistance in Glendale.

"We will take that as a little camouflage," he remarked. However, we will say that should any cases develop, the Salvation Army would take care of them just as readily from here as from the slums of Los Angeles.

"An institution that meets the regard of the community is our tuberculosis work for poor children or rather for the children of the poor. We distribute in Los Angeles every month 10,000 quarts of milk either to tubercular children or to the children of tubercular parents. By our attention we are able to prevent many of these children from contracting the disease.

"The Salvation Army also maintains a home for orphaned, homeless and abandoned children at Lytton Springs, Sonoma county. This accommodates 250 children who are trained to be industrious, useful and productive citizens in many lines of activity and have always made good when leaving the home."

To Hold Annual Reunion
 Thanksgiving is the occasion for an annual reunion at the True Love Home, 2870 North Griffin street, Los Angeles, conducted by the Salvation Army.

This is maintained principally for the care of unmarried mothers, irrespective of creed or finances. In the past year 125 girls and eighty-eight babies have been cared for. More than 80 per cent of the girls are restored to society. Women are looked after for three months after the child is born. If desired, employment is found for them and they are assisted as long as necessary, sometimes for years. Meanwhile, every attempt is made by the Salvation Army to bring about creditable marriages. Last Thanksgiving 125 women and children attended the reunion. Some of them brought happy husbands. Fred Giles, envoy of the Salvation Army, in charge of the San Fernando valley, remarked recently: "The fact that girls, who passed through this home as long as eight years ago, come back for those reunions shows their great regard for the treatment received."

Deaths and Funerals

DR. NICHOLAS BRAY

Dr. Nicholas Bray passed away at his home, 408 North Kenwood street, last night, Tuesday, November 22, 1921, after an illness of two months. Since last January until he became sick he was practicing his profession as an eye, ear, nose and throat specialist at his office, 103-A North Brand boulevard.

Sixty-seven years ago Dr. Bray was born in Ohio but moved to Dubuque, Iowa, where he remained for 35 years before coming to California.

Mrs. Elizabeth Bray survives her husband. Funeral services will be held Friday morning at 9 o'clock in the Holy Family Catholic church. Rev. Father James S. O'Neill will preach the sermon. The body will be taken to Mt. Calvary cemetery in Los Angeles by L. G. Seavern.

Dr. Bray's parents, Mr. and Mrs. James S. O'Neill, were natives of Ireland, but came to America after their marriage. His father was a contractor and builder and noted for the fearlessness with which he supported his views. He believed strongly in abolition. He constructed the railroad from Cleveland to Cincinnati, now part of the Big Four system.

Dr. Bray spent a portion of his boyhood in Logan county, O., where he acquired a knowledge of farming and rail splitting. The district schools afforded him his early educational privileges. When 12 years old he accompanied his parents to a farm in Washington county, Iowa.

With the class of '79 Dr. Bray was graduated from Washington academy, Iowa, with particularly high honors in languages and mathematics. Two years later he began reading medicine and in 1885 was graduated from the medical department of the University of Iowa.

JOHN BUTLER

Funeral services for John Butler, who passed away November 21, 1921, at his home at 516 West Milford street, will be held at the parlors of the L. G. Seavern Undertaking company Friday afternoon, November 25, at 2 o'clock. Interment at Forest Lawn cemetery.

Births

A daughter was born yesterday, Tuesday, November 22, 1921, to Mrs. C. C. Clarke, 405 West Wilson avenue, at the Glendale Sanitarium and Hospital.

MANY PRESENT AT BANQUET

A banquet under the auspices of the junior department of the Sunday school was served last night at the First Methodist church and attended by about 300 young folks, their parents and relatives—and Mr. and Mrs. Turkey. The La Salle Male quartet gave a program in the church auditorium immediately following the supper. This was attended by about 400.

L. C. Leeds, superintendent of the junior department of the Sunday School, presided at the banquet which was prepared and served by teachers of the junior department under the direction of Mrs. Emma J. Reed, assistant superintendent.

HAVE YOU SEEN COLLIE?

Norma Geraldine O'Connor has tears today in her little Irish eyes. For Norma is no older than seventeen months, and the collie puppy which disappeared from the O'Connor domicile at 411 North Central avenue is not quite so old. In fact, it is so young that Mamma O'Connor thinks the puppy has been stolen or otherwise hopelessly strayed. All of which makes Norma weep more copiously. Anyone who knows about a strange collie puppy should call Glendale 1458.

TO DISCUSS SCHOOL SITE

The East Side Welfare association will hold a special meeting next Friday night at the Broadway school building. It is expected that the subject of the proposed election for bonds to purchase a new site for the high school, will be the principal matter to be considered. A delegation from Eagle Rock is expected to be present and an invitation is issued for citizens generally to attend the meeting. Maurice Healey, the president of the association, has issued the call for the meeting.
